

# Mountaineer Health and Safety Protocols for the 2022/23 Winter Season

The health and safety of Mountaineer passengers and drivers is a priority of Mountaineer Transit Company. Mountaineer will follow strict health and safety protocols that adhere to federal, state and local recommendations including but not limited to the following:

## Face Masks

- Face masks are optional for riders and drivers

## Driver Health Checks

- If drivers are experiencing any COVID or flu symptoms, they are required not to come into work. If COVID or flu symptoms are recognized by the driver during a pre-shift health check, the driver is to notify their manager and go home.
- If drivers are experiencing any COVID or flu symptoms they are encouraged to get COVID tested and notify their manager of results within 24 hours of receiving them

## Hand Sanitizer

- Each vehicle will provide drivers and riders with hand sanitizer
- Drivers are required to sanitize their hands frequently throughout their shift

## Vehicle Cleaning

- Vehicles will be cleaned and disinfected at the beginning of every shift and high touch points like seatbelts, door handles, and arm rests will be disinfected throughout each operating day

## Vehicle Operation

- Vehicle windows will be opened when possible to increase ventilation upon passenger request
